The Last Battle With Whiskey

The putting down of the liquor traffic following our new prohibition laws has succeeded beyond all our expectations. All our great cities show a diminution of crime, pauperism and illness. And the great manufacturers of liquor are closing out their distilleries and putting their capital into other lines of business.

But there is ahead of us a lively battle with the sneakers and petty law-breakers. There are men just mean enough to prefer to make money by the secret manufacture of liquor than by honest work, and it is to be feared that a good many of the magistrates, whose business it is to arrest these violators of law, are themselves ready to share their profits or to taste their products.

It is a time for all good citizens to watch our magistrates and back up those who do their duty, and replace those who do not.

Co-operative Banquet

Farmers Entertain Berea Business Men

On Friday evening, October 10th, the farmers of the surrounding country entertained the business men of Berea at a banquet given in the Brene Tavern. Ninety-one men were present; forty-three were farmers and forty-eight were business men.

The dining-room was beautifully decorated with autumn leaves, and a sumptuous three-course dinner was served. The menu was: fruit cocktail, mashed potatoes, creamed carrots and peas; gravy, olives, cranberry jelly; French rolls, butter, tea, coffee, pie, &c., mode.

After dinner a number of very interesting toasts were given. Mr. H. P. Allen acted as toastmaster and prayed to be the right man for the place. His witty stories and pointed remarks gave interest and life to the occasion. He is also to be congratulated upon his choice of men to respond to the toasts.

The first called upon was Mr. H. E. Taylor, who spoke of the pleasure it afforded him of seeing the spirit of co-operation which was manifested in the splendid gathering of farmers and business men. Next Mr. J. St. Hockaday was called upon. He, too, expressed his pleasure in the unity of spirit and purpose in the part of those present. Dr. W. G. West followed, emphasizing the importance of friendship and high ideals, and was glad to find so much of these things in the men present. Mr. H. O. Lamb was called upon. He, too, was enthusiastic for co-operation and the community spirit. Dr. M. M. Robinson spoke of the improvement in Berea and surrounding country and attributed it to just the spirit found in that gathering. Dean F. O. Clark made a plea for further improvements, emphasizing the need of scientific methods in farming, the need of giving the boys a thorough training in up-to-date farming, and the necessity of road improvement, etc. He assured the farmers that the Agricultural Department of Berea College was ever at their service. Squire Todd, who is a member of the Fiscal Court, spoke upon the subject of good roads. He especially urged all to vote for road improvement, at the coming election. He showed, by concrete example, that poor roads cost more than good ones.

Mr. Allen then introduced Dean Thomas P. Cooper of the State College of Agriculture at Lexington. He spoke of the benefits derived from such meetings where farmers and business men come together and exchange views and come into closer contact and closer friendship and unite in working out the problems of the community.

HISTORICAL MEETING

The Annual Meeting of the Ohio Valley Historical Association will be held here beginning Thursday night and continuing over Saturday.

The Meeting will bring a good many distinguished visitors to Berea. The daily programs will have many good things for those interested in the local history of the Ohio Valley.

On account of the important program of Friday night, the General Faculty Meeting will be omitted. All public sessions will be held in the Parish House.

Natural Barometer.

One of the simplest of nature's barometers is a spider's web. When there is a prospect of wind or rain the spider shortens the filaments by which its web is sustained and leaves it in this state as long as the weather is variable. If it elongates its threads, it is a sign of fine, calm weather.

Kentucky News

A warrant was sworn in the Madison Quarterly Court Monday by Grant Conner, against William King and Bedie King, charging them with breach of the peace.

Minter, Administrator

R. H. Minter was appointed, and qualified in the county court, as administrator of the estate of Mamie Miller, with Dave Colb, as surety. J. D. Kennedy, Roland Heavis, and Clarence Maupin were appointed appraisers of the estate.

Bethel, Ky., Oct. 14.—Bertha Maupin was indicted by the grand jury Friday for killing her neighbor, Tom Oldham at Brasfield, this county, at a church, in August. Mae Malone was indicted on a charge of attempting to burn the schoolhouse at Narrow Gap in July. William Mockabee, who escaped from the county jail a few weeks ago and afterwards captured, was indicted upon a charge of grand larceny.

In circuit court Monday a verdict was rendered for the plaintiff in the case of S. C. Reid, Lexington, against W. T. Griggs and Son, proprietors of the Madison Drug Company of Richmond. Reid sold the store to Griggs and Son several months ago, and the suit grew out of Reid's contention that a formula book was not included in the sale, which the defendants refused to turn over to him.

Falmouth.—Miss Ethel Bishop, of Four Oaks, and Denby Miller, of Falmouth, eloped to Covington in an automobile intending to be married. The parents of the bride learned of their departure, and informed Sheriff Courtney in time for him to telephone to the authorities and prevent the wedding.

Flemingsburg.—In Bath county near the Flemingsburg county line at Johnson's Ferry a well is being drilled for oil by the parties who have contracted to drill for the Flemingsburg Oil Company later on. Two small streaks of oil have been reported by the drillers. They express confidence in the prospects.

Frankfort.—Charles W. Bell was appointed trustee in bankruptcy of the estate of Noel Hodges, who was running a general country store at the intersection of the Versailles and Georgetown pikes, two miles east of this city. Quite a stock of goods had been accumulated by Mr. Hodges before misfortune overtook him.

Hickman.—A couple from Wilkes, Ky., toured to Berea. While undergoing repairs at an auto hospital the car became ignited and the body was consumed before the flames were extinguished. An empty goods box was mounted on what remained of the car, the gasoline tank refilled, the owner clambered aboard and toured home.

Covington.—The Citizens' Telephone Company of Kentucky has donated \$250 to the Kenton County Soldiers' and Sailors' Memorial fund.

The donation will be added to the fund being raised to erect a tablet in the Holmesdale High school grounds in memory of the heroes of this county who died in the service of their country.

Mr. Sterling.—S. M. Jackson returned from Weewoka, Okla., where he went to be present at the trial of R. E. Collins, who killed G. M. Jackson in Oklahoma several months ago, it is alleged. Collins was sentenced to serve seven years in the state prison. Judge William A. Young who assisted in the prosecution of the case, also returned.

Hickman.—Nathan Morris, living in Fulton, member of one of the wealthiest families in this part of the state, was shot to death from ambush in the garage in the rear of his home. Morris' body was found lying on the door of the garage, face downward with a bullet wound in his neck. He made an unsuccessful effort to speak but died two hours later.

Frankfort.—The death sentence of Delbert Thomas by the Harlan circuit court for the murder of Deputy Sheriff Richard Johnson was upheld by the appellate court. Thomas had become drunk on a mixture of wine and cider and killed the deputy sheriff, who was trying to arrest him. Thomas killed another man, whose name was not given in the record, and injured an officer.

Frankfort.—The death sentence of

U. S. News

Washington, Oct. 14.—Due to an unimportant but irritating new complication, President Wilson spent a restless and uncomfortable day but his condition tonight was described by his personal physician, Rear Admiral Grayson, as improved.

San Francisco, Oct. 11.—Crossing the continent, 2,701 miles, in twenty-four hours 58 minutes and 55½ seconds, actual flying time, Lieutenant B. W. Maynard today took his first honors by a few hours in the first lap of the double trans-continental airplane reliability race by landing at San Francisco at 1:27:07 p. m. Pacific time today while Lieutenant E. C. Kiel completed the eastbound trip at 6:35:10 p. m. eastern time, followed 20 seconds later by Major Carl Spatz, who reached New York first but made an erroneous landing.

Washington, Oct. 13 (Associated Press)—Americanization of foreigners should be an immediate effort of Congress through legislation, declared Senator Kenyon, Iowa, Chairman of the Senate Labor Committee, which returned today from an investigation of the steel strike in the Pittsburgh district.

Asserting that about half of the steel workers are of foreign birth and cannot read, write or speak English, Senator Kenyon said one of the first aims of Congress as a result of the committee's inquiry should be Americanization legislation. The Senator declined to discuss other ideas gained from the committed investigation, which he said would be continued in the near future, possibly in other strike districts.

"Two bills are now pending before the committee, of which I have the honor to be chairman, dealing with this question. The committee meets this week to take them up, and I earnestly hope that one or both of them may be reported out of the committee and may be passed by Congress before adjournment. There is no greater question than that of Americanizing this nation of ours."

Chicago, Oct. 14.—Military authorities at Gary, the home of the big steel mills, announced today that they hoped to have the maker of the Gizbel and other bombs which have startled the country in the past year under arrest within a few hours.

Secret service men said they knew the name, habits and manufacturing methods of the individual who they claimed has made most of these bombs. They announced also that they had uncovered a plot to assassinate the Mayor of Gary, discovered great stores of dynamite near Gary and traced the printing of red circulars to Indianapolis.

They said they had arrested the man who blew up an entrance of the Chicago postoffice a year ago.

The man is alleged to have made the bomb exploded on the night of June 3 last in the doorway of the home of A. Mitchell Palmer, United States Attorney General, at Washington, and evidence has been obtained clearing up the terrorist bomb plots of May Day and June 2, according to authoritative information here today.

Evidence also has been obtained, it was said, that revealed the entire terrorist organization responsible for the attempts against the lives of law enforcing officials throughout the country who had been active in the arrests and prosecutions of radicals.

A radical leader named Ivanoff, now known, it is said, as the agent who carried the Gimbel bomb from Gary to New York for transmission through the mails, is being sought. He was last seen in Chicago several weeks ago when he spoke at an I. W. W. convention. He is supposed to have gone East.

Hickman.—Nathan Morris, living in Fulton, member of one of the wealthiest families in this part of the state, was shot to death from ambush in the garage in the rear of his home. Morris' body was found lying on the door of the garage, face downward with a bullet wound in his neck. He made an unsuccessful effort to speak but died two hours later.

World News

The ratification of the Peace Treaty by the French Senate was unanimous, and after a few formal requirements France will be again on a peace basis. The veteran statesman, Clemenceau, has continued in service until this result has been accomplished, and as soon as possible he expects to retire to private life and the enjoyment of a well-earned rest.

Italy ratified the Peace Treaty by act of the executive alone, while the legislative body was not in session. The Italian Constitution makes this possible, but it will have to be referred to that body later. There does not seem to be any doubt that the action will meet approval. This was practically ensured before the King took that step.

With the ratification of the Treaty by Great Britain, France and Italy, the war is at an end. The action of the United States cannot now defeat the terms of the peace. If the Senate should fail to ratify, a condition of war would still remain between the United States and Germany. This would make necessary a separate treaty, but no one expects that to happen.

The conditions in Turkey are arousing interest. A new nationalist movement by the Turks has arisen, under the lead of Mustapha Kemal. It seems to be the plan to erect a Turkish state, independent of all European limitations, in Asia Minor. Opposition to the movement is centered in Constantinople, but some of the fortified sections are said to be weakening.

A great campaign has been launched in Great Britain in the interests of the League of Nations. At the opening meeting, the Lord Mayor of England presided and the Prime Minister, Lloyd George, made a ringing speech for the new world order. He said the plan of the League, as proposed, made an excellent basis to start with. Many other notable men were on the platform, or took part in the speaking.

October 12 was observed in Spain in honor of the discovery of America by Columbus. King Alfonso participated in the occasion in the capital, Madrid. Spain has much reason to glory in the accomplishments of the early days of discovery, although most of her colonial empire has passed from her. The modern Spain is plotting by the change, for she has been led to depend more on herself and her own resources.

The Senate is pursuing a policy of delay and is preventing any action being taken on the Shantung amendment. This is perhaps as unpopular a provision of the Treaty as there is, and yet it has been greatly misrepresented in many of its features. We should not like to lose the confidence of China, but we cannot prevent the Treaty from becoming effective, and we could do more good action with other powers than alone.

The young English Prince seems to be having a good time in this country. He has been in the West and seeing something of the Indian life that still remains. He has been accepted by several of Indian peoples, and can go home again as Red Crow of the Blackfeet. He seems to be much liked wherever he goes, and apparently knows how to get on with people.

Considerable attention was paid to the landing of American marines at the seaport of Trau, in Dalmatia, on the eastern coast of the Adriatic. It now appears that they went on shore by request of the Italian Government, and that their timely arrival prevented friction between Italians and Jugo-Slavs that might have led to an outbreak of war, in the sensitive conditions that now exist in that part of Europe.

The Industrial Conference in Washington has begun its sittings, and its work will be followed with the greatest interest. Much hinges on its ability to find a solution for the high cost of living, which has been so unsettling to labor conditions. Both capital and labor await its findings, and the public is a most interested party. The personnel of the conference has been criticized somewhat as not representative of all interests—but the men are all capable.

GIRL ARRESTED AS BANDIT

Twenty-Year-Old New York Miss Forces Man to Turn Over \$12 Charge.

Killing of American Led to Demand From Allies That Slava Quit Vladivostok.

Frankfort, Ky.—The Court of Appeals affirmed the twenty year sentence given Nathaniel Ely, of Bell county, for killing John Rice. A ten year sentence was given Claude Gray of Hopkinsville, for killing Drew Ross and a one-year term was given Harr, Hale, of Laurel county, for store breaking.

(Continued on Page Two)

YANK IS SLAIN BY RUSSIAN

New York, Oct. 7.—Accused of holding up and robbing Herbert Boyd at the point of a pistol, a twenty-year-old girl, describing herself as Jeanette Mullins, was held in \$5,000 bail in a police court here. Two men charged with aiding her in the robbery were also held. Boyd, it is charged, was approached on the street by the girl who ordered him to throw up his hands. After the robbery the victim set up an outcry, which resulted in the pursuit and capture of the girl and her companion. Twelve dollars was recovered.

BEREA COLLEGE NEWS

LETTER FROM
DOCTOR H. A. LICHTWARDT
(Missionary to Meshed)

New York, Sept. 23, 1919

(Enroute to Meshed)

To the Friends of Meshed:

As it will probably be several months before we reach Meshed, and even longer before a letter from there could come back to you, I am writing this short letter to let you know that we are, at last, after weeks of waiting, about to start on our long journey, leaving New York on Thursday, September 25th, on a large steamer, which has the interesting name of "Black Arrow."

I just wish that every one of you could be with us upon each stage of this journey, as it is sure to be very interesting and crowded with new scenes and new people. If you are interested in following our trip, you can get out your maps and trace us going across the broad Atlantic, through the Straights of Gibraltar, and up the sunny Mediterranean to Naples, Italy. From here another ship will take us through the Mediterranean again, beyond Greece, to that large city of larger name, Constantinople.

After this our route is not so uncertain. We shall probably go by boat up through the Black Sea to Batum, and from here go overland through the Caucasus Mountains to Baku, that city of oil wells on the west shore of the Caspian Sea. This is our last stop in Europe, and from this city we shall probably take a ship across the Caspian Sea to a smaller city with an unpronounceable name, Krasnovodsk, where we will take the railroad through Turkestan to a point just north of Meshed, where we will get off and proceed by a sort of stage-coach to our destination.

Wouldn't you enjoy such a wonderful trip? I am sure that we all will, but the most wonderful part will be when we get to Meshed and are able to start our work—yours and mine—among the men and women, boys and girls, who are in such great need, yes, of another doctor, of course, but even more of the Great Physician, Jesus. And as they learn of Christ, they will love Him and accept Him as their Saviour.

So I am going to ask of you that, as you follow our journey through these many lands to our new home, Meshed, that you think all of the time of the thousands of people there, who have such a great need of Christ, and to whom we, you at home, and those of us who are going out, shall try to bring the message of salvation and joy in Christ.

On our journey, I shall try to write another letter to you, telling about the different people we meet, and the countries through which we pass. We shall be thinking of you very often, and shall hope that you will occasionally think of us, and remember us in your prayers, that we may be worthy servants of God, and may do His will at all times.

It will be a great joy to hear from any of you who will write. If you have any special questions to ask about the folks there, the way they live, or anything at all, just put it in your letter, and as soon as I can find out I will tell you. Address your letters to me, care of American Presbyterian Mission, Meshed, Persia.

May all of us live very close to God that He may work through us in the homeland, and on the field, wherever we may have chosen to work.

Very cordially,

H. A. Lichtwardt, M. D.

The College Hospital is fortunate in having as the third member of its medical staff, Dr. Margaret S. Grant. The young women of the school are now assured of competent care by one of their own sex. Dr. Grant comes to us from El. Wayne, Indiana, where she was in charge of the pathological and clinical laboratory at the Sebanon Hospital. She has spent five years in China as a medical missionary. For the present she will make her home at the Log Palace with Mrs. Ernberg, where she can be reached by College and town phones.

ANTI-TOBACCO LEAGUE

The Anti-Tobacco League movement in Berea, headed by the Anti-Tobacco League, is still going forward. A group of interested students were present at the League meeting Sunday, October 12, to hear a lecture on the tobacco question by Professor Smith. The talk was brief and to the point. Professor Smith emphasized the fact that the League has no quarrel with the individual tobacco users, but its purpose is to present scientific proof that the use of tobacco is an injurious and expensive habit.

THREE AIRMEN ARE KILLED

Pilot, Boatswain and Machinist Die Instantly When Seaplane Falls at Pensacola, Fla.

Pensacola, Fla., Oct. 9.—Three men were killed by the fall of a seaplane in the harbor. The victims were: Roy Williams, Rochester, N. Y., pilot; Paul Relchel, Hamilton, Colo., boatswain, and Charles H. Selbold, Pensacola, machinist.

The machine carried no passengers. All three were killed instantly. The fall of the machine is supposed to have been due to motor trouble.

RICHARD H. LONG

Richard H. Long has been nominated by the Democrats for governor of Massachusetts.

NATIONAL LEAGUE CLUB WINS THE CHAMPIONSHIP

Cincinnati Reds Rout the Chicago White Sox in the World's Series.

Chicago, Oct. 10.—The Cincinnati Reds are the new baseball champions of the world.

This is how it happened:

At Cincinnati, October 1.

Cincinnati 100-6021-8-14 1

Ruthers & Wings 010000000-1 6 1

Cleote, Wilkinson, Lowdermilk & Schalk.

At Cincinnati, October 2.

Cincinnati 000-30100-4 6

Sallee & Harliden.

White Sox 000000200-2 10 1

Williams & Schalk.

At Chicago, October 3.

White Sox 02010000-3 1 0

Kerr & Schalk.

Cincinnati 00000000-0 3 1

Fisher, Luque & Harliden.

At Chicago, October 4.

White Sox 00000000-0 3 1

Cleote & Schalk.

Cincinnati 000002000-2 6 1

Ruthers & Wings.

At Chicago, October 5.

White Sox 00000000-0 3 1

Williams, Mayer & Schalk, Lynn.

Cincinnati 00000000-0 4 0

Eller & Harliden.

At Cincinnati, October 6.

Kerr & Schalk.

SYNOPSIS.

CHAPTER I.—Thomas K. Barnes, wealthy New Yorker, on a walking trip through New England, is caught in a storm miles from his destination. At a crossroads, a police officer meets a girl in the rain. While Barnes is getting the girl an automobile, sent to meet the girl, arrives and Barnes is given a lift to Barnes' tavern, while the girl is taken on to her destination, which she tells Barnes is a place called Green Fancy.

CHAPTER II.—At the tavern Barnes falls in with a stranded troupe of "showmen" girls, headed by Lyndon Rushcroft, and becomes interested in them.

CHAPTER III.—As the storm grows, Barnes finds himself worrying over the safety of the girl, travelling over the mountain roads, at what he considers dangerous speed. Barnes, however, is Green Fancy to the something of a bunch of mystery. Two mounted men leave the tavern in a manner which arouses Barnes' curiosity.

CHAPTER IV.—He meets "Miss Thackeray," leading lady of the stranded theatrical troupe, and falls in love with her maid. That night he is arrested on the bringing of a dying man to the tavern, one of the two who had ridden away a short time before. Their tell of finding the dead body of the other man. Both had been shot.

CHAPTER V.—The wounded man, registered at the tavern as Andrew Paul, dies, and Barnes is informed he must not leave the country. The next day O'Dowd and Dr. Eustis, guests at Green Fancy, visit the tavern, apparently much satisfied over the affair.

CHAPTER VI.—Barnes advances Rushcroft money sufficient to release the company from its embarrassing position, thereby becoming its official banker. He visits Green Fancy, and in the grounds meets his acquaintance of the night before, finding her a girl of surprising beauty.

CHAPTER VII.—She seems not to be dead, but is recognizing him, and forms a secret society of her own. She is apparently friendly fashion experts Barnes, who feels he is unwelcome from the grounds.

CHAPTER VIII.—Miss Thackeray warns Barnes to leave the tavern, stopping at the tavern, ostensibly a business, half an hour. Barnes puts his baggage in his suitcase. O'Dowd comes to the tavern and with Barnes and others goes over the scene of the previous night's shooting. Barnes is invited to dinner at Green Fancy.

CHAPTER IX.—His acquaintance in the storm is introduced as Miss Cameron. The makeup of the house party, particularly a man introduced to him as "Loeb," and the number of mensevers about the place, somewhat astounds Barnes.

CHAPTER X.—Miss Cameron informs him she is a purveyor in the house, apparently a maid, and is serving at the party at Green Fancy, with the object of securing the jewels, and Barnes with the hope of rescuing "Miss Cameron."

CHAPTER XI.—At breakfast the supposed book agent introduces himself as Sprouse, a government secret agent. Barnes is told he is there to search the party at Green Fancy, with the object of securing the jewels, and Barnes with the hope of rescuing "Miss Cameron."

CHAPTER XII.—They enter the grounds in safety, Sprouse overrunning two men evidently on guard. Reaching the house, Barnes sends up, by means of a fishing rod carried by Sprouse, a note to "Miss Cameron" informing her of their intention to ransack the house. She tries to dissuade them, but Sprouse climbs to the roof and goes through it on a quest for the crown jewels and state papers.

CHAPTER XIII.—They enter the grounds in safety, Sprouse overrunning two men evidently on guard. Reaching the house, Barnes sends up, by means of a fishing rod carried by Sprouse, a note to "Miss Cameron" informing her of their intention to ransack the house. She tries to dissuade them, but Sprouse climbs to the roof and goes through it on a quest for the crown jewels and state papers.

CHAPTER XIV.—Barnes becomes uneasy at Sprouse's long absence and follows him, climbing by means of the ivy attached to the wall. While talking to the house wife that Sprouse has been detected, Barnes, with "Miss Cameron" going to him, into his escape in the ground. He loses his balance and they become lost, finally taking refuge in a small shed. "Miss Cameron" explains how she was deceived to the house, and was to be married against her will to the man who had been a frequent visitor as a prince of the house to which she belongs. They are surprised in the darkness by O'Dowd.

CHAPTER XV.—O'Dowd demands the jewels, which he thinks the fugitives have in their possession, not knowing of Sprouse's enterprise. Convincing neither "Miss Cameron" nor Barnes have them, O'Dowd tells Barnes on the right road to the tavern where Barnes gives his companion into the care of Miss Thackeray. Next day O'Dowd tells Barnes Sprouse, whom he describes as an expert burglar, got away with the treasure, after killing guard in the house. O'Dowd and "Loeb" leave Green Fancy.

CHAPTER XVI.—Barnes tells "Miss Cameron" of Sprouse's treachery, and she tells him she is to be married to "Loeb." The man known as "Loeb" is her cousin, and he invaded her to the house with the object of possessing himself of the jewels, which were in her custody.

CHAPTER XVII.—O'Dowd returns and informs Barnes of the identity of "Miss Cameron." She is of royal blood, he asserts, Countess Therese Mata-Danza.

CHAPTER XVIII.—Barnes visits Green Fancy to secure the whereabouts of the jewels. He meets Sprouse, who tells him Loeb has gone with the jewels after killing the guard and accusing Sprouse of the murder and robbery.

CHAPTER XIX.—

A Trip by Night and a Late Arrival. Shortly after sundown that evening, the Rushcroft company evacuated Hart's Tavern. They were delayed by the irritating and, to Mr. Rushcroft, unpardonable behavior of two officious gentlemen, lately arrived, who insisted politely but firmly on prying into the past, present and future history of the several members of

CHAPTER XX.

The First Wayfarer Has One Treasure Thrust Upon Him—And Forthwith Claims Another.

"What are you doing here?" demanded Barnes, staring. He seized the man's arm and inquired eagerly: "Have you got the jewels?"

"No; but I will have them before morning," replied Sprouse coolly. "Would you be surprised if I were to tell you that his royal ribs are hiding in this town? Well, he certainly is. The Baroness Hedlund has been here for a week or ten days. She goes by the name of Mrs. Hasselwein. I popped down here this afternoon and found out that she is at the sanatorium, but that she expects to leave tomorrow morning. I made another trip out there this evening and waited. About eight o'clock Mr. Hasselwein strolled up. He sat on the veranda with her for half

an hour or so and then left. I followed him. He went to one of the little cottages that belong to the sanatorium. I couldn't get close enough to hear what they said, but I believe he expects to take her away in an automobile early in the morning. It is a seventy-mile ride from here to the junction where they catch the train for the West. I'm going up now to make a call on Mr. Hasselwein. By the way, what is the number of your room?"

"Twenty-two—on the next floor." "Good. Go upstairs now and I'll join you in about ten minutes. I will tap three times on your door."

"Why should you come to my room, Sprouse? We can say all that is to be said."

"If you will look on the register you will discover that Mr. J. H. Prosser registered here about half an hour ago. He is in room 30. He left a call for five o'clock. Well, Prosser is another name for Ugo. He left the cottage an hour ago. Came in a jitney or I could have got to him on the way over."

Barnes, regardless of consequences, dashed over to inspect the register. Sprouse followed leisurely.

"See!" cried Barnes, excitedly, putting his finger on the name "Miss Jones." "She's in room 32—next to his. By gosh, Sprouse, do you suppose he knows that she is here? Would the dog undertake anything?"

"You may be sure he doesn't know she's here, or you either, for that matter. The country's full of Joneses and Barneses. Go on upstairs. Leave everything to me."

Barnes had been in his room for twenty minutes before he heard the tapping on his door. He opened it and Sprouse slid into the room. The instant the door closed behind him, he threw open his coat and coolly produced a long, shallow metal box, such as one finds in safety vaults.

"With my compliments," he said dryly, thrusting the box into Barnes' hands. "You'd better have the countess check them up and see if they're all there. I am not well enough acquainted with the collection to be positive."

Barnes was speechless. He could only stare, open-mouthed, at this amazing man.

"My God, Sprouse, have you been in that man's room since I saw you down—?"

"All you have to do is to keep quiet and look innocent. Stay out of the hall tonight. Don't go near the door of No. 30. Act like a man with brains. I said I would square myself with you and with him, too. Well, I've done both. Maybe you think it is easy to give up this stuff. There is a half-million dollars' worth of nice little things in that box, small as it is."

"Is—is the man dead?" cried Barnes, agast.

"None I seem like it's nothing serious; just beat up, that's all. Terrible cuts on his head and—"

"What time did all this happen?"

"Doc Smith figures it was long about midnight, judg' by the way the blood coagulated."

"Did they get awry with much?"

"Haven't heard. Seems as though the burglar—must ha' been more'n one of 'em. I say—wasn't satisfied with

Mr. Ralph Osborne, his wife and three children, of Glendale, Ohio, came to Berea Saturday. They were guests at the home of his father, Mr. T. J. Osborne, where his brother, Dr. Albert Osborne, of Long Beach, California, is visiting. The former returned to his home, Sunday afternoon. The doctor did not leave until Monday.

Mr. Benjamin Harrison McGuire and Miss Kathryn King, former Berea College students, were united in marriage on Saturday, September 13, 1919. They will make their home at Duncans, Kentucky.

Mr. Frank M. Lutes and wife, of Bokchito, Oklahoma, are visiting Mr. W. T. Lutes and others in this community. Most of his life had been spent in Madison, Garrard, and Rockcastle Counties up to about twenty-seven years ago, when he went to the Southwest. Mr. Lutes speaks highly of Oklahoma. They have excellent crops there this year, as is usual. The best evidence of the productivity of the soil is seen in the samples of potatoes, pears, etc., which may be seen at S. E. Welch's Stores. These were grown on Mr. Lutes' farm in Oklahoma.

Mrs. C. S. Knight was visiting relatives in town last week.

Mrs. Hardin Golden spent the first part of the week in Winchester with her son, George.

Work has been started on the erection of a nice dwelling house on the corner of Jackson and Forest Streets, for Mr. A. B. Cornett.

Misses Bertha and Alice Atzenhofer, both former College students, now engaged in clerical work in Washington, D. C., have been recent

visitors in Berea. Mr. Harry Coddington arrived last week for a visit with relatives. Mrs. Coddington and children have been visiting in Berea for some time.

Miss Lelia Jane Harris enjoyed a visit from her mother from Richmond last week.

Miss Nora Lee Wyatt, a former Berea student, is again principal of the High School in Arcadia, Mich.

She had given up that position to enter Government work during the war.

On October 14th a girl was born to Mrs. Ora Adams, of Villa Grove, Illinois. It has been named Elizabeth Witt. Mother and babe are in Robinson Hospital of Berea.

NOTICE

The College Cooperative Store and Post Office were originally established solely for the accommodation and convenience of our great Student body and College workers, and not for the citizens of Berea. While we should be glad to accommodate these our neighbors the same is a physical impossibility with our present large family, whom we are in duty bound to serve.

This notice is placed in the Store and Post Office and must be rigidly adhered to.

Very cordially,

H. E. Taylor

NOTICE

The merchants and others of Berea will please take notice that my house runs no accounts—that we "pay as we go."

PUBLIC SCHOOL NOTES

E. F. Disney, Principal
The Parent-Teachers' Association was well attended last Friday. Professor Harris, of Richmond, school superintendent, gave the main address.

County Superintendent B. F. Edwards arrived during the meeting and gave a practical talk on problems of our public schools.

Earl Dales, our little boy beautiful singer, furnished the music.

Superintendent Edwards promises to return some time this year and bring that noted violinist.

The playground exhibit by Miss Fairchild was enjoyed by all.

Mrs. Will Jarvis was elected secretary of the association.

Doctor Morris of the Robinson Hospital gave a splendid talk to united chapel Monday morning on "How to Keep Well."

Mrs. Batson supplied for Mrs. Minney, Monday.

A few more new school books have arrived at Welch's.

The community playground meet was broken into by the heavy rain Saturday afternoon, just after hour to open. Let us try it again next Saturday 2 to 5 p. m. All town people, old and young, not pupils in public school, are invited.

Mrs. Simon Minney, Misses Elkhott, DeBoard and Fairchild motored to Lexington, Tuesday evening.

Mrs. Dr. Best started the ball rolling, Tuesday afternoon, by calling together a few patrons of the school lunch to can tomatoes for this adjument, which will open soon after frost.

HONOR ROLL

To get in this roll a pupil must have a majority of E's and nothing below G, and no tardiness or absence.

Eighth Grade

Ethel Combs, Lola Almy, High School

Ferne Bantle.

WE APOLOGIZE

Last week the Managing Editor, under the inspiration of a falling shower, wrote a paragraph which has caused those in charge of the water supply a great inconvenience and annoyance. We refer to the statement that "anxiety for a sufficient supply of water has been removed." But the amount of rainfall proved to be insufficient to warrant the statement. We trust that the patrons of the water system will not accuse the authorities of withholding water when there was plenty, but will lay the blame upon the Managing Editor for making too strong a statement.

RED CROSS ITEMS

Our Red Cross Office, in Vocational Building on Main Street, has been beautified with new paper and fresh paint. Your Secretary is enjoying it and her work.

A telephone has been installed, and we hope to soon have our typewriter. Good equipment contributes to good service.

We need more than ever our Red Cross Magazine to keep before us the Red Cross idea and present new phases of our work. Subscription price will be \$1.00 until January 1—after that \$1.50. We hope to have many subscriptions during Roll Call Week. Step in the Red Cross Office and give your subscription.

We are glad some of our soldier boys are re-instating their Government Insurance, and hope to see more of them do it.

We were pleased to see how the head nurse, Miss Miller, at the College Hospital, appreciates her Victory Button.

Swinebroad, the Lancaster Sales Wizard, continues to sell land both publicly and at private sales.

When we see a farm advertised, we might set the type at once reporting a sale, for he "ALWAYS SELLS." On October 10th he sold at public auction for Woods Walker and Robert Walker the James N. Denny farm, in Garrard County, of 261 acres, as follows: 64.61 acres to J. W. Palmer for \$341 per acre and 197.31 acres of unimproved land to Thomas Colton for \$141.51 per acre, total sale \$49,070.31, average price \$290.75 an acre.

On the 11th of October he sold for J. H. McCroskey 100 acres of land at Horgan to different parties for \$28,000.50, and was sold in different tracts and brought from \$232 to \$351 per acre the farm and for sale as advertised, and on account of the down-pour of rain at the time, Swinebroad just launched the 24 acres of lots and sold them in one tract for \$351 per acre.

During the week he also sold privately for G. W. Breeding 121 acres in Boyle County to Thos. Cotton of Garrard County for \$290 per acre. Also at private sale for W. C. Wilkerson his farm in Mercer

County to J. A. Devine for \$250 per acre and 35 acres to Allen Edelen at \$230 per acre.

Contentious Never Popular.

The wise man in Israel has truly said: "A fool's lips enter into contention," and the contentious fool is as common a nuisance today as he was no doubt in the olden ones. Usually in proportion to their lack of actual knowledge do such persons presume to set themselves up as dictators to others.

—Exchange.

CO-OPERATIVE BANQUET

(Continued from Page One)

After the speaker had concluded, a vote of thanks was extended to the County Agricultural Advisor, Mr. Robert F. Spence, for arranging and conducting the banquet, which had proved such a great success, and to the management of the hotel for their splendid dinner and service.

Mr. Spence responded by expressing his great delight and joy that all had entered into the affair so heartily and that so great a spirit of fraternity was present. He also spoke of the Rockcastle County men being present and of the series of fairs being conducted in that county this week.

The business men tendered a vote of thanks to the farmers for their generous hospitality. They also extended an invitation to the farmers to a banquet to be given next year.

The Citizen is delighted to chronicle such events as this. They are far-reaching in their influence, and we hope that they may come frequently. The meeting of farmers and business men at Boone Tavern last Friday night augured well for the future of Berea and vicinity.

EASTERN KENTUCKY NEWS

(Continued from Page Eight)

visiting relatives at this place.

MADISON COUNTY

Clay Lick

Clay Lick, Oct. 14.—Quite a num-

ber from here attended court at Richmond last Monday. A large crowd attended the sale at Charlie Hylthe's last Wednesday. Hardin Kidd bought his farm. Mr. Hylthe will go to Indiana soon. Mr. and Mrs. Will Blanton and Miss Laura Duncan were the guests of Mr. and Mr. Oscar Galdard last Thursday. Mr. Moore from Bond, Ky., was visiting his sister, Mrs. John Odell, last week. Mr. and Mrs. Bennett Fowler were the guests of Mr. and Mrs. Willie Baker last Wednesday. Miss Fanny and Marie Soper visited their cousin, G. Ted Galdard, Saturday and Sunday. Will Walker is visiting his daughter, Lula, this week.

Coyle

Coyle, October 13.—Our school commenced last Monday with Mr. Brooks of Waco as teacher. Mr. and Mrs. John Lamb of Franklin, Ohio, visited Mr. and Mrs. James Gentry last Wednesday night and Thursday. Little Jessie Gossip is no better. Robert Lake and son, Elgie, went to Cincinnati the first of last week with a load of cattle. Mr. and Mrs. Jimmie Cox and daughter, Mrs. Paul Vannersondale, of Ohio, is visiting their son and brother, Horace Cox of this place. Mr. and Mrs. George Bishop went to Berea, Friday. George W. Carpenter of Moores Creek was the guest of his uncle, Henry Simpson, from Saturday till Tuesday. Mrs. John Baker, of Brassfield, visited her parents, Saturday. Mrs. Albert Powell, of Rogersville, was the guest of Mrs. John Gossip, Sunday.

Blue Lick

Blue Lick, Oct. 13.—The windows of Heaven opened and one of the heaviest and most protracted downfalls of rain visited this section last week. A cool wave following gives indications of early frost. Preparations for this unwelcome advent are in order.—Digging sweet potatoes, storing squashes and other vegetables in cellars and housing the tender flowers, that they may continue to brighten the inside with their beauty and perfume, when the black days and chilly winds of winter appear. The public school at this place has been suspended for several weeks on account of the serious illness of Mrs. Lakes, the teacher's mother. The teacher has been called to her bedside.—Uncle Sam Hollingsworth has sold his farm to Lloyd Howell of Jackson County; and Frank Campbell of this section will move to Estill County, near Irvine.—The revival at Glades

We Vouch for Them

Of all the tires that are made, —why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

MOUNTAIN AGRICULTURE

Conducted by Mr. Robert F. Spence, Farm Demonstrator and Special Investigator

HOME GARDEN SUGGESTIONS

As the time for fall frosts draws near, the growing season for some of our vegetables near the end. It is highly desirable to provide for winter supply some of our more commonly used vegetables. Beets, turnips, carrots, Irish potatoes, cabbages, parsnips and salsify require a cool place in which to be kept, a temperature just above freezing being best. Sweet potatoes, pumpkins and squash will not keep in such a location and should be stored where the air is around 50 to 60 degrees.

Beets, turnips, and carrots should be harvested shortly before the ground freezes. Tops should be removed, taking care not to cut the beet tops any nearer than one inch from the roots, otherwise bleeding cabbage may be put in a cool cellar covered with soil. For late keeping, stored very nicely in an outdoor pit. Such a pit is made by putting a layer of straw or leaves on the ground, choosing of course a well-drained location, and piling these vegetables in a mound on top of this straw. On the outside of this pile a layer of straw should be placed so that it will be 4 to 6 inches thick after it is packed down. If the weather is not freezing during the nights, immediately after pitting these vegetables, it is much better to have them covered only with the straw for several days.

If freezing weather is present the straw must be covered with 4 to 6 inches of dirt. This will be sufficient to furnish protection until very cold weather comes, and at that time another layer of straw, followed by a second layer of dirt, should be added. It is often advisable to throw some old boards on top of this mound to help shed the rain. In getting vegetables from pits of this kind in mid-winter, the dirt and soil is removed slightly from one side of the pit near the bottom and a hole about a foot square is made through to the vegetables. Enough beets, carrots or turnips are taken out to last several days and the hole through the dirt is then stuffed with straw or hay and the outermost layer of dirt is replaced. Because of the difficulty of keeping vegetables in a mound after the mound is once opened in the winter time, it is advisable to make several small pits instead of one large one if any great quantity of vegetables is to be stored. Beets, turnips and carrots may be kept in a cool cellar in boxes or barrels of moist dirt or in piles covered with damp soil.

Parsnips and salsify (vegetable oyster is another name for salsify) are not hurt by freezing. They can be left in the ground over winter, but since cold weather makes it often inconvenient to dig them, it is better to dig at least part of the crop and to store them in a manner similar to beets. Since these vegetables are not injured by freezing, it is not necessary to go to so much trouble in making an outdoor pit as is done for beets; merely a 6-inch covering of dirt without any straw being sufficient.

Irish potatoes should be dug sometime before the ground freezes. It is better to leave the late crop until the tops have been killed by frost, because up to that time the yield is increasing. Potatoes should not be stored which have been frozen in the ground. All efforts should be made to avoid bruising

Cattle—Shipments \$10.50@13, butcher steers, extra \$11.25@12, good to choice \$10.25@11, common to fair \$9@10; heifers, extra \$11@12, good to choice \$10.50@10.75, common to fair \$9@9½; cows extra \$9.50@10.50, good to choice \$7.50@8.50, common to fair \$5.50@7, canners \$4.75@5.25, stockers and feeders \$4@11.

Calves—Extra \$20@21, fair to good \$13@15, common and large \$7@11.

Hogs—Selected heavy shippers \$15, good to choice packers and butchers \$15, medium \$14.50@15, slugs \$10.25, common and choice heavy fat sows \$12.75, light shippers \$14@14.25, pigs (110 lbs and less) \$12.75.

them. They may be stored in an outdoor pit as described above for beets. In a cool cellar they may be kept without any covering of earth, merely being piled in bulk.

Solid heads of late cabbage may keep until late winter by pulling the heads with the roots attached before severe freezing weather occurs and placing them upside down on top of the ground. The loose, outer leaves should be folded closely about each head. The first layer is generally made about 3 or 4 heads wide, each head being placed close to the next one, and as many heads long as desired. On top of this place a second row with the heads alternating between the roots of the first layer. The pile is then covered with dirt and straw. For early winter use cabbage may be put in a cool cellar covered with soil. For late keeping, the first method described is much better.

Sweet potatoes should be dug either before or just after frost. Immediately after the vines have been frost, go over the field and cut them off at the level of the ground, then if the potatoes cannot be dug for a day or two they will still keep in good condition in the ground. If frosted vines are not removed and the potatoes are not dug immediately, a rot travels back through the frozen vines into the sweet potato roots and thus destroys the crop. In digging and handling the potatoes be sure not to bruise any of them, as that will result in decay. Allow the potatoes to dry for a few hours in the field and then put them in a mound pit, something similar to that used for beets. It is desirable, however, that at least a foot of straw should be placed in the bottom of this mound before putting in the potatoes, and they should also be covered with a thick layer of straw. Some sort of a shed should be put over the heaps of potatoes, so as to keep out the rain. At first let the heap stand, as long as the nights are not very cool, with only the straw covering so that the potatoes can dry off from the sweat they go through immediately after storing. Then when the nights get cool, cover the straw with earth and, when cold weather sets in, add another layer of straw and earth.

With sweet potatoes, if we have anything like a severe winter, it may be necessary to put a third layer of straw and dirt in order to protect them from the cold, as this crop will not stand freezing weather. Sweet potatoes can be kept very nicely in a warm cellar where the temperature does not go below 40 degrees, or near a chimney or furnace. In these cases, it is much better to put the potatoes in bushel boxes and not re-handle or sort them over after they have been put into storage. A slight shriveling of the roots is not objectionable.

Pumpkins and squash should be removed from the field before hard freezes. Do not bruise or break off the stems. Store them in a warm cellar alongside the chimney. They require warm, dry conditions, so they should not be placed in a damp location.

Early in the morning, after the first frost in the fall, all the green and partly ripened tomatoes should be gathered from the vines and placed in a cellar. These will ripen slowly over a period of 3 or 4 weeks, the cooler the temperature of the cellar the slower the ripening. Another satisfactory method is to pull the vines loaded with the unripened fruits and hang them in the cellar.

If you grow your own sweet potato slips, it will be profitable to select the seed sweet potatoes at digging time this fall. By using the most productive hills as a source of seed potatoes, the yield can be markedly increased. It is not necessary to save the large tomatoes in the hill for seed in order to secure this increase, as small potatoes from high producing hills are just as good as the large potatoes from the same hill. In saving this seed, discard any hills whose stems are black near the base or which are black inside of the stem. Also any potatoes with blackish spots on them. Store these in a bag or box separate from the rest of the crop and do not disturb them any time during the winter.

Just as a sanitary measure, it is advisable at the close of the garden season to clean up all the rubbish of the season's crops, such as cabbage stalks, old tomatoes, old tomato vines, and burn them to prevent, to some extent, the disease and insect pest next season.

The Cult of Fashion.

Young lady at the theater to friend: "What do you think of this play, my dear?" "Why, it's absurd! Three months are supposed to pass between the first and second acts, and the heroine's still got the same hat on!"

SIX DOORS

FOR ASPIRING YOUNG PEOPLE

1st Door—Berea's Vocational Schools

Training that adds to your money-earning power, combined with general education.

FOR YOUNG MEN—Agriculture, Carpentry, Bricklaying, Printing, Commerce and Telegraphy.

FOR YOUNG LADIES—Home Science, Dressmaking, Cooking, Nursing, Stenography and Typewriting.

2nd Door—Berea's Foundation School

General Education for those not far advanced, combined with some vocational training. No matter what your present advancement, we can put you with others like yourself and give chance for most rapid improvement.

3rd Door—Berea's English Academy Course

For those who are not expecting to teach and who are not going thru College and desire more general education. It also gives the best general education for those who wish a good start in study and expect to carry it on by themselves.

4th Door—Berea's Normal School

This gives excellent training for those who expect to teach. The courses are so arranged that young people can teach through the summer and fall and attend school through the winter and spring, thus earning money to keep right on in their courses of study.

5th Door—Berea's Preparatory Academy Course

This is the straight road to College—best training in Mathematics, Science, Languages, History and all preparatory subjects. The Academy is now Berea's largest department.

6th Door—Berea College

This is the crown of the whole institution, and provides standard courses in all advanced subjects.

A Temporary Raise in Board is forced by war conditions. For twenty-five years the board has remained the same in Berea, but the unusual situation in which the whole country finds itself now makes it impossible for us to live on the same money as we have in the past

All students do some work with their hands from six to sixteen hours a week as janitors or in the farm, carpenter shop, printing office, laundry, boarding hall, office, etc., and receive pay which reduces their expenses.

Any able-bodied young man or young woman can get an education at Berea if there is the will to do so.

PAYMENT MUST BE IN ADVANCE, incidental fee and room rent by the term, board by the half term. Installments are as follows:

	EXPENSES FOR BOYS VOCATIONAL AND FOUNDATION SCHOOLS	ACADEMY AND NORMAL SCHOOL	COLLEGE
Incidental Fee	\$ 5.00	\$ 6.00	\$ 7.00
Room	6.50	6.50	6.50
Board, 7 weeks	15.75	15.75	15.75
Amount due September 17, 1919	27.25	28.25	29.25
Board, 6 weeks, due October 29	13.50	13.50	13.50
Total for Term	\$40.75	\$41.75	\$42.75
	EXPENSES FOR GIRLS		
Incidental Fee	\$ 5.00	\$ 6.00	\$ 7.00
Room	6.50	6.50	6.50
Board, 7 weeks	14.00	14.00	14.00
Amount due September 17, 1919	25.50	26.50	27.50
Board, 6 weeks, due October 29	12.00	12.00	12.00
Total for Term	\$37.50	\$38.50	\$39.50

* This does not include the four dollars deposit, nor money for books or laundry. Corner rooms \$1.00 more.

Special Expenses in Addition to Incidental Fee—Business

	Fall	Winter	Spring
Stenography and Typewriting	\$13.00	\$12.00	\$11.00
Bookkeeping (regular course)	13.00	12.00	11.00
Bookkeeping (brief course)	6.50	6.00	5.50
Business course for students in other departments:			
Stenography	9.75	9.00	8.25
Typewriting, with one hour's use of instrument	6.50	6.00	5.50
Com. Law., Com. Geog., Com. Arith., or Penmanship, each..	1.95	1.80	1.65

In no case will special Business Fees exceed \$1.00 per week.

If it is impossible for any young man or young woman to be in school the full year, by all means they should enter for a course during the winter and spring terms.

The public schools will close about Christmas and the teachers and advanced pupils should not be idle through the long winter months but should be studying in Berea where the best education can be gotten for least money.

Applicants must bring or send a testimonial showing that they are above 15 years old, in good health and of good character. This may be signed by some former Berea student in good standing or some reliable teacher or neighbor. The use of tobacco is strictly forbidden.

For information or friendly advice write to the Secretary,

MARSHALL E. VAUGHN, Berea, Ky.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In the Arctic Circle.

Wherever American soldiers went during the war and after, there also went the American Red Cross. This policy carried Red Cross workers to far corners of the globe and here they are seen near the rim of everlasting ice and snow in North Russia. Automobiles were used whenever possible but on many journeys the reindeer pictured here proved most effective.

HOME DEPARTMENT

Conducted by Miss Margaret Dizney, Director of Home Science

RECIPES FOR USING UP THE LATE FALL VEGETABLES

Green Tomato Mince Meat

Two cups green tomatoes chopped fine, 1 cup raisins, 1 cup chopped meat (cooked lean beef), 1/2 cup chopped sweet, 3 tablespoonsful molasses, 1/4 cup vinegar, 1 cup brown sugar, 1/4 cup soap stock or water, 1 teaspoonful cinnamon, 1 teaspoonful cloves, 1 teaspoonful nutmeg. Mix in the order given and simmer 30 minutes. Seal and place in a dark closet.

Mixed Pickle

Three large heads of cabbage, 1 quart vinegar, 2 pounds sugar, 1 tablespoonful cloves, 1 tablespoonful cinnamon, 1 dozen medium-sized onions, 2 dozen cucumbers, 1 dozen green peppers. Chop cabbage, tomatoes, onions, cucumber and peppers very fine, mix all together and put the mixture in alternate layers, with salt. Let stand over night, squeeze dry, and cover with cold vinegar. Let stand 24 hours and drain dry. Add sugar and spices to vinegar and boil 5 minutes. Add chopped vegetables. Allow to stand several hours—cook thirty minutes and seal in glass jars.

Corn Relish

One dozen medium ears corn, 1 head cabbage, 3 sweet peppers (red), 3 sweet peppers (green), 1 qt. vinegar, 1 cup sugar, 2 tablespoonsful cinnamon, 1 tablespoonful ginger, 1 tablespoonful mustard, 1/2 teaspoonful celery seed, 1/2 teaspoonful red pepper, 1 teaspoonful ground cloves, 4 teaspoonsful mustard seed, 5 tablespoonsful salt, 1/2 cup sugar.

Boil all ingredients fine, add seasonings and mix well. Add vinegar and let it stand over night. Pack into sterilized jars.

Pepper Relish

One dozen sweet green peppers, 1 dozen sweet red peppers, 3 large

add. Keep them cold and corked until feeding time!

For feeding warm the milk and feed from sterilized bottle or drinking glass. The babe should never drink milk from a vessel of any kind that has not been boiled for 10 or 15 minutes before using.

At this takes time and trouble, but baby's health and life are at stake, and both are worth taking time for.

The following diet is recommended by the National Red Cross for child from 12 to 18 months old:

IMPROVED UNION INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D.
Teacher of English in the Moody
Bible Institute of Chicago
(Copyright, 1918, Western Newspaper Union)

LESSON FOR OCTOBER 26

A LESSON IN TRUST.

LESSON TEXT—Mark 4:22-33.
GOLDEN TEXT—I believe; help thou
mine unbelief. Mark 9:24.

ADDITIONAL MATERIAL—Mark 8:22,
24, 35; Luke 17:20-23.

PRIMARY TOPIC—Help in the storm.

JUNIOR TOPIC—Jesus comes to the
help of his disciples.

INTERMEDIATE TOPIC—Help when
most needed.

SENIOR AND ADULT TOPIC—An
ever-present helper.

The storm-tossed disciples on the
sea at night is an example of the
struggling followers of the Lord in the
darkness of the present age, as they
are tossed by the tempests of the evil
one.

1. The Disciples on the Storm-tossed
Sea (vv. 22-24).

They were sent across the sea by
Christ (v. 22). Doubtless his reason
for this was to keep them from en-
tanglement in the movements of the
people to make him king, for in John
6:14, 15 it is shown that the people
were so excited by the feeling of the
five thousand that they were about to
make him king by force. Though they
were somewhat unwilling to go, it was
a mercy for him to constrain them.

2. Christ dismissed the multitude
(v. 22). This may be taken as typical
of his rejection of the nation whose
rulers had already rejected him.

3. Christ praying alone in the moun-
tain (v. 23). Temptation to earthly
honor and power had come to him,
therefore he went to the Father in
prayer for relief and strength. The
need of prayer is greatest at such
times. While his prayer was in part
for himself, yet it was for his disciples. According
to Mark 6:48, he saw from the mountain top the disciples toiling
on the storm-tossed sea. We are never
out of his sight as we struggle
against the storms of life, and he ever
lives to make intercession for us.

II. Jesus Walking on the Sea (vv.
25-27).

1. It was in the fourth watch of the
night (v. 25). He did not come to
them immediately, but waited till almost
dawn. It was, however, the darkest part of the night, and physi-
cal danger was great, but their per-
plexity of mind was greater. They
knew that the Lord had sent them, but
why should they be in such straits if
he sent them? A stormy sea is no
evidence that we are not in the Lord's
appointed way. The disciples' concern
should be to obey the commands of the
Lord, being assured that while doing
his will he will protect them.

2. The disciples alarmed at his com-
ing (v. 20). It was the coming of
their best friend to deliver them from
danger. He comes to us today in such
ways that sometimes we are affrighted.

3. Jesus' words of comfort and good
cheer (v. 27). In the midst of their
distress they heard the Master's words,
"Be of good cheer; it is I, be not
afraid." This changed their fear into
joy.

III. Peter's Venture and Failure
(vv. 28-33).

As soon as Peter recognized the
voice of Jesus he cried, "Bid me come
to thee on the water." Jesus said,
"Come." Peter obeyed, and for a time
he walked upon the waves without
stumbling. His simple faith linked him
with divine power and he was upheld; but as soon as he took his eyes off
his Lord and considered the raging sea
he began to sink. If we will but keep
our eyes on the Lord instead of the
waves we can outride the storms of life.
When Peter began to sink, he did the
sensible thing; he cried to the Lord for
help. Jesus reached forth his hand and
saved him. He had never lost one who
honestly cried for help. When Jesus
entered the ship the wind ceased. The
people worshipped him as the Son of
God. No ship can go down with Jesus
on board.

Heth Not Where to Lay His Head.

People are to be pitied who have no
home. John Howard Payne in Paris,
homeless and miserable, uttered the
universal longing of the human heart
when in a cold and dreary garret he
wrote the words of "Home, Sweet
Home." There are many people in the
world who are driven from pillar to
post, and who can say of no spot on
earth, "This is my home." Think par-
ticularly of him who had come from his
Father's House to this inhospitable
earth and who said, "The foxes have
holes, and the birds of the air have
nests, but the Son of Man hath not
where to lay his head."

Sublime Sentiment.

"Beware," said Lavater, "of him
who hates the laugh of a child." "I
love God and little children," was the
simple yet sublime sentiment of Rich-
ard—Mrs. Sigourney.

The Heart of the Believer.

The heart of the believer is the
home of God. The church of the Lord
Jesus is his holy temple. He dwells
here by his Holy Spirit, and makes
known through the church, to the prin-
cipalities and the powers in the heav-
enly places, his manifold wisdom.
This is a superlative honor. It brings
with a supreme obligation.

One Thing at a Time.

The shortest way to do many things
is to do only one thing at a time.—
Cecil.

Reconciled to God

By REV. L. W. GOSNELL
Assistant Dean, Moody Bible
Institute, Chicago

TEXT.—For if when we were enemies
we were reconciled to God by the death
of his Son, much more, now, being
reconciled, we shall be saved by his life.
And not only so, but we also joy in God through
our Lord Jesus Christ, by whom we have
now received the atonement (II. V. recon-
ciliation).—Rom. 6:10, II.

The idea generally held is that recon-
ciliation consists in sinners gly-
ing up their enmity against God,
rather than in God laying aside
his anger against sinners. But the
word for "reconciliation" and its
cognates point to the winning of
the pardon of an offend-ing king,
rather than the consent of the
rebel to yield to his kindness.

For example, in 1 Samuel 29:4
the Philistines said of David: "Wherewith should he
reconcile himself unto his Master?
Should it not be with the heads of these men?" Clearly, the thought was
not that David would lay aside his enmity
against Saul, but that David
could tend Saul to lay aside his en-
mity against him, by turning against
the Philistines in battle.

Again, Matthew 5:24 reads: "Leave
there thy gift before the altar and go
thy way; first be reconciled to thy
brother and then come offer thy gift." The
idea is not that the man at the
altar shall lay aside his displeasure
against his brother. Instead, it is the
brother who has somewhat against
him and reconciliation is brought
about when the brother is led to lay
aside his displeasure.

So, in v. 10 of our text, where Paul
says: "When we were enemies we
were reconciled to God by the death
of his Son," he can have in mind only
God's laying aside of his enmity against
us.

This is brought out by the fact that
v. 10 is parallel to v. 9, where he
speaks of "being justified by his
blood." Justification is certainly
God's action and we conclude that recon-
ciliation, which corresponds to it
in our text, is also God's action.

Enemies of God.

Again, Paul speaks of our being "en-
emies." Many hold this to be un-
derstood, actually representing men as
"children of God." But we submit it is
to be understood positively, showing
men to be "hated of God." This is in
accord with the reference, in the pre-
ceding verse, to "the wrath of God,"
from which sinners need to be saved.
Moreover, such a sense of "enemies"
is found in Romans 11:28: "These
(Jews) are enemies for your sakes;
but in touching the election, they are
loved for the father's sakes." "En-
emies" here, stands over against "be-
loved," so that it signifies "hated."

I will seem a hard saying to some
that God has ever taken such an at-
titude to men that he has needed to
be reconciled. But the following wise
words by Doctor Gifford, a profound
Bible scholar, are to be well pondered:

"It is no figure but a deep and essen-
tial truth, that God hates sin; and
since sin is necessarily personal, the
sinner as such, i. e., so far as he will-
ingly identifies himself with his sin, is
hated of God, his enemy. But God
loves everything he has made. He can-
not love man as a sinner, but he loves
him as a man, even when he is a sinner.
Human love here offers a true
analogy: the more a father loves his
son, the more he hates in him the
drunkard, the liar or the traitor. Thus
God, loving us his creatures those
whom he hates as self-made sinners,
desires men whereby they may be
brought back to him."

Human Side of Reconciliation.

Now we are ready to emphasize
the fact that there is also a man-
ner of reconciliation. It appears in
v. 11 of our text, which states that,
through Christ, "we have now re-
ceived the reconciliation."

Well may Paul say we "Joy in God"
when, by our acceptance of God's
mercy, the reconciliation is made mu-
tual!

"My God is reconciled,
His pardoning voice I hear;
He owns me for His child—
I can no longer fear;
With confidence I now draw nigh,
And "Father, abba, Father" cry."

Treasured Memories.

We possess many treasures that no
longer have an existence anywhere but
in our memories. The little by-path
with its tangle of wild roses has
changed to a paved street, the old
home has given place to a shop with
glaring front, the little group that
used to gather at the piano could
gather nowhere on earth now, but they
are all still ours. Few of us prize as
we should God's great gift of memory,
or realize what a means of enrichment
it is intended to be. Whether we will
it or not, we are continually storing it
with supplies for our future.

DR. MOTT'S ADDRESS

"We have come out into a new
day, a day of citizenship, and we'll
follow our President in this great
undertaking of reaching out to help
the nations of the world," declared
Dr. John H. Mott, in his dinner ad-
dress Thursday evening at the Seelbach Hotel to an audience of about
five hundred Louisville men, as-
sembled in the interest of the com-
ing State campaign of the Y. M. C. A.

His expression brought a storm
of applause, which grew into loud
cheers of enthusiasm. Continuing,
Dr. Mott paid a glowing tribute to
the hard work, unselfishness and
sacrifices of President Wilson.

In his discourse Dr. Mott dis-
closed that every one of the allies
of the United States, to the number
of twenty, have expressed the desire
to have the Y. M. C. A. established
in their standing armies as a result
of the observation of its workings
in the American army, and it only
remains for the United States Senate
to decide that this country will "try the experiment"
of running the army without it. He
predicted that it will be an exper-
iment of short duration, and that the
"Y" work will be resumed on the
old basis before a great while.

John H. Mott's address to the State
secretaries of the Y. M. C. A. at the
banquet luncheon held Thursday in
his honor in the auditorium of the
Seelbach Hotel, and attended by about
350 men, was one of the most
impressive discourses ever delivered
in Louisville. The distinguished
American was introduced by Dr. E.
Y. Mullins, president of the Southern
Baptist Theological Seminary, who
in presenting the guest of honor,
called attention to the many con-
spicuous positions of leadership
which Dr. Mott has occupied.
Among these were head of the Student
Volunteer Movement for years; head
of the organization of the Interna-
tional Y. M. C. A.; head of the
War Work Council of the Y. M. C. A.
and head of the Edinburgh Conference.
"Though a layman, Dr. Mott is the outstanding religious
figure of the day, because the fire
of his spiritual devotion burns so
strong and so bright in the midst
of a practical life," concluded Dr.
Mullins.

"I reminded you that you are
dealing with a new world—a shak-
ing, quivering world—a world in
which pillars that were deemed
pillars of strength and were pointed
to with pride, have crumbled to
dust at our feet," said Dr. Mott, after
a brief preliminary which ex-
plained that he had for the past
thirty-one years been "cruising"
over the world on missions of help-
fulness in forty-six countries; that he
had visited the war zones of Europe six times during the course
of the world war and had traveled
7,000 miles on the eastern front.
Continuing, the speaker said: "It
is an impoverished world also, for
up to six months ago it had cost
over 260 billions of dollars; it is an
exhausted world both economically
and vitally, as demonstrated by the
11,000,000 graves that have been
filled because of the struggle; and it
is still a sorrowing and suffering
world, for in all my six visits to the
war zones I spent much of my time
in the homes, and not one that I
can recall but had been visited once,
and often many times, by the dark
shadow of death."

The World is "On Its Nerves"

Dr. Mott said that the people
everywhere impressed him as being
"on their nerves" and in a state of
irritability, which is productive of
criticism. He declared that it is a
wonderful time to live when a
whole world is accessible to new
ideas. Comparatively speaking, it is
an unselfish world, too, he said,
for although it is not so unselfish as
it was a year ago or two years
ago, it is far more unselfish than before
the war.

"I had thought that I might see
one or two nations plastic, but I
never thought to see a whole world
molded and plastic as is the world
today—but it will set, and set hard
in a new mold, and this is the gold-
en opportunity of an organization
like the Y. M. C. A., which can
render a unique service at this time
because of its contact with both
capital and labor in the industrial
unrest. Its forward looking pro-
gram in the development of young
manhood physically, intellectually,
and spiritually, can be a determining
factor in the molding of the nations,
for I have been thrown with the
leaders of many of the nations, and
none of them are sure that they
know the way. Yes, it is a humble
world, too, for where is there a na-
tion today which boasts that it
knows how to deal with its prob-
lems?" he said.

The "Objective" of the Campaign

Gen. C. P. Summerall, commander
of the First Division, which is now
being established in permanent
quarters at Camp Zachary Taylor,
was the first speaker at the lun-
cheon program. He paid a glowing

tribute to the work of the Army Y.
M. C. A., stating that it was "a real
and, potent force in the winning of
the war and bringing the army
home as no other army has ever
been brought home in the history
of the world."

Philo C. Dix, State secretary of
the Y. M. C. A., stated the "objec-
tives" of the campaign to be put on
October 20-30 to secure funds for
State, national and International
work. He said that \$10,000 will be
needed for the State (which is some
\$20,000 more than the ordinary bud-
get) to cover extensions planned;
\$10,000 for the national budget; \$11,
000 for the international budget, and
\$4,000 for Y. M. C. A. training work,
making a total of \$125,000. Each of
the fourteen districts accepted its
quota.

GENERAL SUMMERRALL'S TRIBUTE TO JOHN R. MOTT

The work of the Y. M. C. A. in the
war received glowing praise from
Gen. Charles P. Summerall, com-
mander of the 1st Division, and now
commander of Camp Taylor, who
spoke at the luncheon given by the
State Y. M. C. A. in honor of Dr.
John R. Mott, General Secretary of
the International Committee of the
Y. M. C. A. and head of the National
War Work Council of the Y. M. C. A.
A. in the war.

It was General Summerall's first
appearance as a speaker in Louis-
ville.

"I am no speaker," said General
Summerall, "but anyone is able to
talk on such a subject as the work
of the Y. M. C. A. in the war."

General Summerall spoke exten-
sively on the great service the Y.
M. C. A. rendered, and said in sub-
stance:

"The crowning inspiration of the
Y. M. C. A. was sending the splendid
women, who brought the spirit of
the mothers and sisters to the
soldiers. They sustained the splendid
morale of the army and were a real
factor in winning the war."

There were 450 present at the
banquet, which was one of the
finest gatherings the State Y. M. C.
A. has known.

Emeralds of the Aztecs.

Among the Aztec treasures of Mex-
ico, besides other precious stones,
many exquisitely cut emeralds were
found, and it is from this source that
the magnificent emeralds now forming
part of the royal collection of Spain
were supposed to have come.

Obtain Oil From Eggs.

The turtle living in the Orinoco bays
eggs which are extraordinarily rich in
oil. The Indians in British Guiana
collect 25,000,000 yearly for making
oil. The eggs of many sea birds are
excellent eating. The best of the lot is
said to be that of the "murre," a bird
which is very common on the Labrador
coast.

Optimistic Thought.

Those who travel lead more than
one life.

WHY TAXES ARE HIGH IN KENTUCKY

In the past eight years in Kentucky, 500 new officeholders have
been given jobs at an increased cost to the taxpayers of \$26,000,000 a year. That is \$3,915.00 a month or over \$1,440.00 every day including
Sunday.

The fire marshal's office costs you taxpayers twice as much under
Stanley as under Wilson (Republican).

140 ACRES

THE N. J. GOSNEY FARM

A part of the famous Camp Dick Robinson land, on Lexington pike, Garrard County, 6 miles from Lancaster and 8 miles from Danville.

AT AUCTION

WEDNESDAY, OCT. 22, 10.00 O'CLOCK

Long, level frontage on pike. Subdivided into small farms, improved and unimproved tracts.

IMPROVEMENTS: One and one-half story 7-room bungalow, 2 porches, basement, 2 cisterns, dairy house, and out-buildings; new garage for 2 cars. Young orchard and all kinds of fruit. Stock barn, 5 box stalls; 150 hbl. corn crib, wagon shed, buggy shed and cow stable; 8-acre tobacco barn, 3-room tenant house. Cistern 18x18 at tobacco barn, watered by springs, pools and well, concrete stock troughs.

Land level and very fertile. Everybody knows what "Camp Dick" land is. No other farms in that section can be purchased. The best section in Garrard County. Good neighborhood. Convenient to schools, churches, and markets; 2 miles from Bryantsville, that growing village with its bank, good business houses; 1 mile from Baptist Church, 1 mile from Christian Church, 2 miles from Methodist Church. Adjoins the Robert Rankin farm and the Ed. Perkins Farm. All in grass, except 20 acres corn and 5 acres tobacco, now sown to rye. Land well fenced.

Remember Swinebroad always sells

and my contract with Mr. Gosney is to sell absolutely to the "highest bidder" without any reservation as to price or any limit. It's up and selling to the "High Dollar" from the time of the first bid until Bolivar Bond says "Sold."

Look over this farm before sale day. Don't miss this opportunity. Remember, I don't offer a farm unless I know it will appeal to the buyers. We sell to suit the purchasers. You can buy a small tract and it will be so divided you can get just the size farm you want.

Will sell on easy terms and deferred payments at only 5 per cent interest

Possession January 1, 1920

At the same time Mr. Gosney will sell a lot of stock, farming implements, etc.

For further particulars and to show you the farm see Mr. Gosney at the farm, or
